FEDERAL & STATE GOVERNMENT CAPABILITIES STATEMENT

"Tenosar Technologies delivers mission-critical technology solutions to federal and state agencies — leveraging SDVOSB, SBA 8(a), and a proven record of performance across defense, VA, and government programs."

CORE COMPETENCIES

Information Technology & Systems Design

AI/ML solutions, cloud-enabled systems, data analytics, full-stack engineering, and systems design for mission-critical government applications. Army PEO STRI past performance.

Robotics & Automation (Raas)

AMR deployment, fleet management, uptime SLAs, hygiene validation for VA healthcare, DoD facilities, NASA, FAA, and state agencies. Vendor-agnostic, government-compliant.

Healthcare Support Services

Clinical staffing, VA/JCAHO-compliant healthcare delivery, SimLEARN training support, and healthcare AMR deployment across VA facilities and DoD medical centers.

Program & Administrative Management

Strategic planning, acquisition support, federal program management, and IDIQ/GWAC execution. Team member: GD Mission Systems, Deloitte, SimBlocks, Lukos.

Training, Security & Operations

Simulation training R&D, national security programs, emergency management, and operational support for defense, VA, and state government clients.

GOVERNMENT CERTIFICATION ADVANTAGES

SDVOSB Set-Asides

3% price preference + exclusive VA/DoD set-aside access unavailable to non-certified competitors. VA VIP database verified.

SBA 8(a) Sole-Source

No-competition awards up to \$5.5M for Supplies \$8.5 (services). Active 8(a) participant. Fastest path to contract wins.

OTA Nontraditional Contractor

Awarded U.S. Army OTA under 10 U.S.C. §2371b — eligible for prototype agreements outside standard FAR requirements.

OASIS / GSA Access

OASIS SB Pool 1 & 3 prime slot awardee. GSA MAS application in progress. VA FSS Schedule 621 I.

Federal Targets: VA Orlando | MacDill AFB | Patrick SFB | NAS Jacksonville | NASA KSC | FAA | GOAA (MCO) | SOCOM | Army Corps of Engineers | FDOT | FLDODH

PAST PERFORMANCE

U.S. ARMY / DEFENSE (OTA & FAR)

OTA Prototype Performer — Contract W900KK-18-9-0012, 10 U.S.C. §2371b: Immersive terrain-enabled training technology assessment at PEO STRI, Orlando
CPM Plus — Exclusive core teammate to General Dynamics Mission Systems for Live Training Transformation (LT2) IDIQ (data analytics, terrain, systems engineering)
OASIS Small Business Pool 1 & 3 — Prime slot awardee (Lukos Technologies team, 8(a) sub pool flow-down eligibility)

DEPARTMENT OF VETERANS AFFAIRS

VA Prime Contract 36C77620C0002 — Human Ultrasound Models (HUMs) & Standardized Patient support, VA SimLEARN/Redi, Base + 3 Option Years (2019–2023)
VA FSS Contract 36F79719D0266 — Schedule 621 I Professional & Allied Healthcare Staffing.
VA Medical Staffing — Psychiatrists (VA25617C0130), Urology (VA24417C0237), Equipment (VA25017P0111), General Healthcare (VA25917C0326)
VA VHA ICSP IDIQ — \$23B Health Staffing contract vehicle (Arrow ARC / Aptive teaming partner)

STATE / LOCAL GOVERNMENT

FDOT DBE-certified — Bid-eligible on FL infrastructure, transportation, and airport projects (GOAA/MCO)
Metro Health of Orlando — Medical transportation contract since Oct 2013 (via Transportation & Logistics Solutions)
City of Orlando, Orange County, Port Canaveral, GOAA, Seminole County — Active vendor registrations

TEAMING PARTNERS (FEDERAL)

GD Mission Systems | Deloitte | SimBlocks LLC
Lukos Technologies | M2 Systems | Twisted Ceptors
Aptive Resources | Artemis ARC | Firebase GSS
